The most recently approved Board of Directors meeting minutes, as well as the most recent Landscape Committee meeting minutes, are both available for review on the association's website at www.1600hamiltonplace.org.

Tree Trimming Schedule

Lewis Trees will be trimming trees throughout the complex beginning in late fall. If you would like to arrange for them to trim some of your personal trees inside your patio areas, at your cost, please contact them at 831-476-1200.

Dryer Vent Cleaning Information

The Association will reimburse you 50% of the invoice, up to \$45.00, for having your dryer vents cleaned. For protection against lint and debris build-up, which could eventually result in a fire, this should be done every 1-2 years, depending on how often you use your dryer. You can also help keep your vents clean by making sure that the lint trap on your dryer is cleaned prior to each use. The Vent Cleaner (1800-793-0333) has assisted many 1600 Hamilton residents in the past. After the cleaning is completed, forward a copy of the paid invoice to Bill Hubbard and the Association will reimburse 50% of the cleaning bill, up to \$45. Please allow up to 30 days for the reimbursement check to arrive.

Also, it is highly recommended that you have a bird screen installed on your dryer vent to prevent birds from entering the vent duct and building a nest.

Pet Reminders

Not all people are comfortable with free running dogs so please be sure to have your dogs on leashes out of respect for your neighbors and because the rules require that dogs to be leashed at all times while out in the common area. Also, please clean up after our dog and discard the waste in a proper manner.

Garage Sales

The Board of Directors would like to remind all residents of 1600 Hamilton Place that garage sales are discouraged because of the logistics involved in setting them up. There is no parking permitted along the inner streets of the association, as they are considered Fire Lanes. Also, it is feared that vehicles would park directly behind a garage door, thus creating the potential for liability issues if a resident opened their garage door and damaged a vehicle. Lastly, the governing documents prohibit the placing of any personal items out in the common areas without prior Board approval. The Board apologizes for any inconvenience this may cause, but recommends donating items to one of the many charitable local organizations as an alternative.

Pool Schedule

The heat to the Foxhall Loop pool will be turned off around October 1. The clubhouse pool will remain heated until the end of October. The spa is heated throughout the year.

Fire Extinguishers

The association has fire extinguishers installed on the exterior of fences around each group of buildings throughout the complex. It would be a good idea to inspect the areas around your building to familiarize yourself with the location of the closest fire extinguisher. Of course, it is also a good idea to have several fire extinguishers available inside your unit at all times.

Reminders from the Board

Please do not discard your patio garden trimmings in the common area. It is not our landscaper's responsibility to remove these trimmings. Green waste should be placed in the designated areas along the Hamilton Place Circle (see map included with the newsletter) on Tuesdays to be picked up every Wednesday morning. As a reminder, putting anything in the common area without prior Board approval is a violation of the CC&Rs and can result in a fine.

Irrigation System Information

The landscaping irrigation system is designed to water during the late evenings and early morning hours. Occasionally, there will be a broken sprinkler head or irrigation line in the complex and a leak will occur. Normally, the irrigation timer clock will automatically turn the water off after 15-30 minutes and the problem can be reported to the CMS Customer Service Department during regular business hours. If, however, the water continues to run after 30 minutes, please contact CMS at 408-559-1977 for access to the emergency on-call manager.

Also, it is the association's desire to help owners minimize maintenance needs on their units by eliminating problems with any sprinklers that are spraying onto building surfaces. If you witness such a problem, please report it to management so that the landscaping company can be contacted to make the necessary corrections.

Landscape Committee Meetings

The next Landscape Committee meeting will take place in the clubhouse at 3:30PM on Wednesday, October 18, 2017. Any landscaping items must be requested, **in writing**, for the Committee's consideration. Please remember that the Board of Directors provides a budget to the Committee, which determines the confines within which the Committee must develop a plan for landscaping maintenance and upgrade projects. In other words, the Committee will accommodate as many requests as possible, as long as they fit into the budget constraints, as well as the short term and long term landscaping plans.

HAMILTON PLACE STREET SWEEPING SCHEDULE

The San Jose Department of Transportation is arranging an enhanced sweeping of Hamilton Place on the 3rd Thursday of each month. Please avoid parking on Hamilton Place during business hours on the 3rd Thursday of each month so that the sweepers will have access to the street surfaces to clear leaves and debris.

Hamilton Place

Our complex has a service agreement with Green Waste Recovery to pick up loose yard debris, including yard trimmings, prunings, leaves & branches. Using this **free** service will help keep our garbage bins from overflowing caused by excessive amounts of yard debris, and may also help reduce the garbage expense. Again, this is a **free** service for all residents.

YARD DEBRIS PICK UP
