NEWSLETTER
September 2023

Next Board Meeting

The next Board of Directors meeting will take place in the clubhouse at 6:30PM on Tuesday, October 10, 2023. More information will be included on the agenda posted on the bulletin board adjacent to the clubhouse entry doors 4 days prior to the meeting. (PLEASE NOTE THAT YOU MUST BE AN OWNER OF RECORD FOR YOUR 1600 HAMILTON PLACE PROPERTY TO ATTEND THE ANNUAL MEETING AND BOARD MEETINGS).

New Manager

As you may be aware Bill Hubbard has retired as of August 31, 2023. Tammy Dominguez has taken over as of September 1, 2023. Please update your records to reflect Tammy's contact information, it can be found at the bottom of this newsletter.

Recent Break ins

We are aware of recent garage break-ins in our complex and we request that you take actions to secure your garages and cars. We have improved and randomized our security service, but it is not enough to stop or identify the thieves. We are unable to offer 24-hour security or cameras for the entire complex, since these options are not effective (we consulted security professionals) at stopping and catching the perpetrators and would require a significant increase in the HOA dues. Therefore, we advise you to do the following to secure your garage doors and cars:

- Remove or disable the emergency release device (vault lock) of your garage door. **This is the most common entry method used by the thieves.**
- Refrain from storing valuable items in your garage. The thieves may target your garage if they see anything that looks valuable or useful.
- Report any unusual activity to the HOA's non-emergency security line or the police.

We also want to remind you that we are all in this together. The thieves have also tried to access adjacent garages through the side wall and attic, so your garage's security also depends on your neighbors' garage security and vice versa.

We plan to provide more practical information for securing the garages on our website in the near future. We also welcome your input.

Video Surveillance Camera Guidelines

Please find attached approved Camera guidelines approved at the August 8th board meeting. These guidelines are effective as of August 8th. All camera installations are to be followed per the newly adopted policy. Please note that Architectural Committee approval is still required.

Detached Garage Guidelines

Please review the guidelines for using electrical power in detached garages as their wiring does not accommodate excessive power usage such as is needed for charging electric vehicles.

Because the Association (and thus all owners collectively) and not individual owners are responsible for the cost of electricity use in detached garages and, due to the Board's belief that the detached garages were not wired for use of equipment with high energy requirements, the Board is proposing to adopt limits on the use of equipment with high electrical needs in the detached garages. The proposed rule prohibits the use in the detached garages of large appliances such as refrigerators, freezers, washers and dryers, and other heavy electrical devices as may be determined by the Board of Directors of the Association from time

to time. As an alternative to relocating such equipment a homeowner could elect, after obtaining the Board's written approval and at the homeowner's sole expense, to have the detached garage in question rewired in such a way that the homeowner would be solely responsible for the metered electricity used and would be solely responsible for any damages resulting from such rewiring and usage, The homeowner would be responsible for indemnifying the Association from any damages suffered as a result of such rewiring and/or usage.

Reminder from the Board of Directors

Save money and hassle! ANY modification to the appearance of, or attachment to, the building or patio requires HOA approval. Unauthorized changes are subject to removal and repair at the homeowner's expense. When in doubt, please contact the property manager.

1600 Hamilton Place Website

The most recently approved Board of Directors meeting minutes, as well as the most recent Landscape Committee meeting minutes are both available for review on the association's website at www.1600hamiltonplace.org.

Irrigation System Information

The landscaping irrigation system is designed to water during the late evenings and early morning hours. Occasionally, there will be a broken sprinkler head or irrigation line in the complex and a leak will occur. Normally, the irrigation timer clock will automatically turn the water off after 15-30 minutes and the problem can be reported to the CMS Customer Service Department during regular business hours. If, however, the water continues to run after 30 minutes, please contact CMS at 408-559-1977 for access to the emergency on-call manager.

Also, it is the association's desire to help owners minimize maintenance needs on their units by eliminating problems with any sprinklers that are spraying onto building surfaces. If you witness such a problem, please report it to management so that the landscaping company can be contacted to make the necessary corrections.

HAMILTON PLACE STREET SWEEPING SCHEDULE

The San Jose Department of Transportation is arranging an enhanced sweeping of Hamilton Place on the 3rd Thursday of each month. Please avoid parking on Hamilton Place during business hours on the 3rd Thursday of each month so that the sweepers will have access to the street surfaces to clear leaves and debris.

MEDALLION LANDSCAPE MANAGEMENT SPRAY NOTICE

You can find the landscaping spray notice posted on the bulletin board next to the clubhouse entrance doors. Please direct any questions regarding the information on the notice to Medallion Landscaping at 408-782-7500.
